

PROJECT CHARTER		
PROJECT NAME	DATE	AREA OF FOCUS
COLLECTIFY	10/20/23	Facilitating and enhancing the experience of card and collection enthusiasts
PROJECT DESCRIPTION		SCOPE
We all have a stuff that we make a collection which is really a fun activity. The Card Collections Mobile Application allows users to continue this fun on their phone. Users will be able to create and participate in auctions, buy, sell, exchange cards, manage their digital wallet balances and make their collections priceless. Collections can be based on popular themes, seasonal events... The application will provide a secure, user-friendly interface for managing their collections.		Implementation of features that foster competitive gameplay, such as leaderboards and achievements.
		Active admin involvement in managing collections, ensuring an enjoyable gaming environment.
		Enable players to display their favorite cards in a virtual showcase.
		Players have various opportunities to earn valuable game coins.
		BENEFITS
		Diverse Trading      Community Building      Enhanced Collector Experience
		Connect with Enthusiasts      Personalized Collections      Global Reach
		Easier Inventory Management      Card Information      Hobby Evolution
